Carleton Rode &

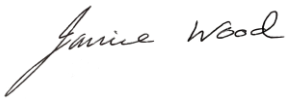

Forncett St. Peter

CEVA

Primary Federation

Carleton Rode and Forncett C.E.V.A. Primary Schools' ethos is founded on the belief that we should love our neighbour as we love ourselves and show this by treating others as we would like to be treated.

Intimate Care Policy

Formally adopted by the Governing Board of:	**Carleton Rode & Forncett St. Peter CEVA Primary Federation**
On:	**October 2026**
Chair of Governors: **Janice Wood**	
Review due:	**October 2027**
Signed by Executive Head: **Callum Richards**	

Introduction:

Carleton Rode & Forncett St Peter Primary Federation is committed to ensuring that all staff responsible for intimate care of children and young people will undertake their duties in a professional manner at all times.

This school takes seriously its responsibility to safeguard and promote the welfare of the children and young people in its care.

The Governing Body recognises its duties and responsibilities in relation to the Equality Act 2010 which requires that any child with an impairment that affects his/her ability to carry out normal day-to-day activities must not be discriminated against.

We recognise that there is a need for children and young people to be treated with respect when intimate care is given. No child shall be attended to in a way that causes distress, embarrassment or pain.

Staff will work in close partnership with parents and carers to share information and provide continuity of care.

Definition:

Intimate care is defined as any care which involves washing, touching or carrying out an invasive procedure that most children and young people carry out for themselves, but which some are unable to do. Disabled pupils may be unable to meet their own care needs for a variety of reasons and will require regular support.

Our approach to best practice:

- The management of all children with intimate care needs will be carefully planned.
- Staff who provide intimate care are trained to do so (including Child Protection, and Moving and Handling where appropriate) and fully aware of best practice.
- Where specialist equipment and facilities above that currently available in the school are required, every effort will be made to provide appropriate facilities in a timely fashion, following assessment by a Physiotherapist and/or Occupational Therapist.
- There is careful communication with any pupil who requires intimate care in line with their preferred means of communication to discuss needs and preferences.
- Staff will be supported to adapt their practice in relation to the needs of individual children taking into account developmental changes such as the onset of puberty and menstruation.
- Pupils will be supported to achieve the highest level of independence possible, according to their individual condition and abilities
- Individual care plans will be drawn up for any pupil requiring regular intimate care
- Careful consideration will be given to individual situations to determine how many adults should be present during intimate care procedures. Where possible one pupil will be cared for by one adult unless there is a sound reason for having more adults present. In such a case, the reasons will be documented.
- Intimate care arrangements will be discussed with parents/carers on a regular basis and recorded on the care plan
- The needs and wishes of children and parents will be taken into account wherever possible, within the constraints of staffing and equal opportunities legislation
- Where a care plan is not in place and a child has needed help with intimate care (in the case of a toilet 'accident') then parents/carers will be informed the same day. This information should be treated as confidential and communicated in person, via telephone or by sealed letter (not via the home school diary)

Child Protection:

The Governors and staff of Carleton Rode & Forncett St Peter Primary Federation recognise that disabled children are particularly vulnerable to all forms of abuse.

Child Protection and Multi-Agency Child Protection procedures will be adhered to at all times.

If a member of staff has any concerns about physical changes in a child's presentation (unexplained marks, bruises or soreness for example) s/he will immediately report concerns to the Designated Person for Child Protection.

If a child becomes distressed or unhappy about being cared for a particular member of staff, the matter will be investigated at an appropriate level and outcomes recorded.

Parents/carers will be contacted at the earliest opportunity as part of the process of reaching a resolution. Further advice will be taken from partner agencies.

If a child makes an allegation about a member of staff this will be investigated in accordance with agreed procedures.
